

Resolution No. 2019-02  
State of Wisconsin  
County of Washington  
Town of Farmington

**RESOLUTION TO PETITION WASHINGTON COUNTY BRIDGE/CULVERT REPAIR  
FUNDING FOR THE ADDITIONAL AMOUNT FOR THE WESCOTT ROAD BOX CULVERT  
REPLACEMENT**

To the County Board of Washington County, Wisconsin:

The Town Board of the Town of Farmington, Washington County, Wisconsin, petitions the County Board of Washington County, Wisconsin, as follows:

1. The Box culvert that was constructed was an 8' x 6' reinforced concrete structure, with concrete apron endwalls and guardrail on each side.
2. The 2018 total estimated cost of this project, including engineering: \$97,992.
3. This project was bid and constructed in 2018.
4. The Town of Farmington passed a resolution on December 12, 2017 petitioning the County for Culvert and Bridge Aid for ½ of the total estimated project cost.
5. The final project costs came in at \$126,334.86, plus engineering costs of \$16,329.75.
6. The costs exceeded the estimate primarily due to the large volume of work for contractors, at that time; the project being bid later in the year; and rising construction costs.

Wherefore, the Town Board of the Town of Farmington, Washington County, Wisconsin, petitions for an appropriation to be made by the county to aid the replacement of the culvert, as provided by § 82.08, Wis. Stats.
